## Newport Italianfest 2004

The City of Newport *Italianfest* Committee is busy preparing for the 13<sup>th</sup> Annual *Italianfest* to be held along Newport's Riverboat Row between the Taylor-Southgate and Purple People Bridges. The festival runs from Thursday, June 10<sup>th</sup> through Sunday, June 13<sup>th</sup>.

"We're excited about the changes being made this year to enhance *Italianfest*", says *Italianfest* 2004 Chairman, Mayor Tom Guidugli. Opening night will be Big Band Night featuring the Pete Wagner Orchestra complete with a dance area for all to dance to their favorite songs. Throughout the weekend, festivalgoers will enjoy live entertainment by Frank Massa, Ronnie Fiorentino and the Fiesta Dancers. For added fun catch "Elvis" (Steve Chuke) who promises to go Italian for the evening.

Take a tour through time and visit the Italian Family Photo Exhibit showcasing Newport's first Italian-American families. Visit with Donna Valtri Crane author of "Italian Love Stories", A Kentuckian's Journal of Tuscany, she will be available throughout the festival to sell and sign her book for you. Family Recognition Events will be scheduled throughout the festival as well. The City of Newport will be honoring four of it's Oldest Italian-Americans and will be presenting it's first Honored Italian-American Sons and Daughters Award, announcements will follow at a later date. Additionally, the *Italianfest* Committee is looking for some funny and heartwarming stories about family cooking and traditions. Consider writing a story for My Mom the Cook. The story

can be written about any family member who is Italian or married to an Italian. Everyone is encouraged to enter the *Italianfest* Cooking Contest, which will be held on Sunday. Forms can be downloaded from the City of Newport's web site at [www.cityofnewportky.org](http://www.cityofnewportky.org), under *Italianfest*, or picked up at the Embassy Booth, which will be located on the festival grounds. Additional festival information will be provided at the City's web site, or you can call the City of Newport at 859-292-3666.

*Italianfest* offers fun family entertainment for all ages. The children will enjoy rides and games at the festival, they will also see roving magicians and balloon artists twisting and turning the balloons into wonderful animals, hats etc. At noon on Saturday, come and enjoy Madcap Productions Puppet Theatre's presentation of 3 Tales With Tails. The puppet show follows the Spaghetti Nob Benefit-NPI RiverWalk, which is scheduled for 10:00 am and ends at 11:00 am at *Italianfest*. A Pizza Eating contest follows the puppet show and is always fun to watch. Sunday will feature "Read to Me Grandma", a story hour for preschool and up to sit and enjoy Italian favorites Pinocchio and The Legend of Old Befana, as well as, some newer stories for the children to hear.

City Manager Phil Ciafardini states that site improvements are well underway to level the park area and to have it handicapped accessible. "It promises to be a great, fun filled weekend for all, come and enjoy *Italianfest* 2004".

## Rededication of Bartlett Field

Everyone is invited to join in the celebration as the City of Newport rededicates the newly renovated Bartlett Field.

Rededication of Bartlett Field  
Friday, June 4 at 6:00 p.m.

Rainout date: Saturday, June 19 at Noon.

Bartlett Field will feature the following improvements new ball fields (Sod/underground irrigation), ball field lighting, backstops, fencing, dugouts, scoreboards, hillside stadium style seating, concrete steps, walking trail, water fountains, extended outfield, park signage, full concession, additional parking and landscaping.

# Excellence in Preservation Award Winners

The City of Newport Historic Preservation Office announces the 2004 Excellence in Preservation Award Winners. Based on nominations submitted to the Newport Historic Preservation Commission, this year's winners honor the best of Newport's restoration projects for 2004. This year's River Cities award ceremony was held on May 20th in conjunction with the cities of Bellevue and Covington at Bellevue's Center Park Retirement Center, an adaptive re-use of a historic school.

The five Newport winners include projects completed on residential and commercial buildings, porches, and building facade restoration. Many of the projects were structures in need of significant rehabilitation. They all have one thing in common: using outstanding historic preservation principles and guidelines in carrying out their projects. The following are this year's winners:

## **642 Overton Street**

Ryan and Rebekah Fellers

Exterior Restoration

The owners of 642 Overton have taken great pains to restore the appearance of their home. In recent months they have repointed the house using the appropriate historic mortar recipe, repaired the two large first floor original wood windows and replaced the roof. They have also repaired the deteriorated cornice. Missing from the house were the second story window hood moldings. The owners wanted to restore these easily observable gaps on the front façade. They have had hood moldings custom built to match those on the first floor, truly bringing back the house's original appearance.

Before

After

## **413 E. Third Street**

Sandra Voss

Commercial Rehabilitation

This building had been vacant and in significant disrepair after years of neglect by the former property owner, who had been receiving violation notices for over 15 years. A group of investors came together to rehabilitate the building into a spa, performing substantial work both inside and out. Plywood in the storefront was removed and the windows opened up. New doors were installed to replace two non-original, utilitarian entryways. An awning was installed and the trim painted. The building, once an eyesore, is now a contributing member of the neighborhood once again.

Before

After

## **821 Park Avenue**

Ray Mack, Steve Karoly,  
Dave Nelson, Scott Vidourek  
Preservation-in-Progress

Architectural Renovation and Construction chose a tough first property to tackle. The house's roof was torn off in a 1986 tornado, and a pre-fabricated truss with artificial siding was installed, creating a highly unsympathetic appearance. After discussing options of what to do to ameliorate the roof problem, the group decided to remove the unsympathetic addition and recreate a fitting roof complete with cornice brackets, frieze windows and box gutters. Working on the weekends, the roof work is almost complete. Future plans include painting the building and the reconfiguration of the side porch complete with roof structure and detailing in keeping with the historic nature of the property.

## **407 E. Fifth Street**

Randy and Teresa Knappmeyer

Exterior Restoration

This house's original porch configuration was lost at some point to an unsympathetic shed roof and a wrought iron railing and porch posts. Randy and Teresa approached the Preservation Commission in October 2003 with a proposal to restore the appearance of the porch to something fitting the home. Following the examples of historic porches found on their block, the owners removed the new roof, posts and railings, and have created an appropriate porch for the Italianate residence. Turned wood posts were installed, as was an attractive spindle railing. One of the biggest differences is the reconfigured porch roof, now featuring a gable with decorative detailing.

## **826 Overton Street**

Greg Tulley and Brenda Bonecutter

Residential Rehabilitation

This property sat vacant for 11 years prior to being purchased on the auction block in 2000 after a city foreclosure. The house needed extensive brick replacement due to mortar deterioration and a strong storm in 2001 that blew most the roof off the house into the yard below. Some damaged walls needed to be removed, as the third floor rear was in danger of collapse. It also had a pigeon infestation. The owners have been undertaking an entire rehabilitation of the property – the building has all new plumbing, electric and HVAC. The work includes installing new wood windows, repainting the exterior, refinishing the floors and redoing the entire interior.

# Eighth Annual Garden Walk

The East Row Garden Club will present the 2004 Garden Walk on Saturday and Sunday, June 26<sup>th</sup> June 27<sup>th</sup>, an annual tour for the public that showcases the enchanting gardens of historic Newport, Kentucky. The Bank of Kentucky and local Newport merchants sponsor the tour. The garden club was established in early 1996 and membership is open to anyone within the City of Newport

The tour runs from 10 a.m. to 4 p.m. each day in the East Row Historic District, the second largest local historic district in Kentucky. During the tour, as visitors walk through the neighborhood, 10 gardens will be featured – each chosen for its distinctive imagination and design. Many of the gardens are small and enclosed by century-old brick walls and ornate iron fences, characteristic of the historic neighborhood's Queen Anne and Italianate architecture.

Among the gardens is a spectacular walled garden that has been honored by the Cincinnati Horticultural Society and featured in *Garden Design* and a variety of other publications...

Other gardens include:

- A Charleston-inspired courtyard garden
- An "William Morrison" inspired Cottage Garden
- A formal French Garden incorporating iron fencing to accommodate the owner's love for both gardening and the family dog.

During the hours of the tour, some live musical performances are scheduled in most gardens. In addition, visitors will be presented with a handout at each garden listing the homeowner's ten favorite plants and a brief history of the home. The handouts have become

one of the favorite highlights of the tour. Volunteers will also be in each garden to answer visitor's questions.

One relaxation area is planned along the tour route. In addition, several local nurseries and artists will offer perennials, annuals and garden-related decorative art, accessories and gifts for sale.

Tickets will be \$15.00 per person and sold during the tour at the exhibitor area at the Watertower Square parking lot, located at 6<sup>th</sup> & Washington Streets. Children 12 and under will be admitted free of charge. Tickets will be sold until 3 p.m. each day.

The East Row Garden Club began early on as an organization that wanted to focus on beautifying all of the City of Newport. Through the proceeds of the annual Garden Walk, and the ongoing efforts of many volunteers, the East Row Garden Club has just completed the large garden at Third and Park Avenue. The Club will now choose another beautification project. Completed projects by the members include the traffic island at the I-471 ramp, planters on the "Purple People Bridge", the landscape design for the New Library, the garden at Newport High School and the garden at the Brighton Center.

It is through the proceeds from the Garden Walk that help finance these projects. This year, a portion of the proceeds will benefit the Boys & Girls Club of Newport also.

**For more information call (859) 291-2565 or visit [www.cityofnewportky.org/garden\\_club](http://www.cityofnewportky.org/garden_club).**

## Grilling Safety

**Fact:** In 1999, gas and charcoal grills caused 1,500 structure fires and 4,200 outdoor fires in or on home properties, resulting in a combined direct property loss of \$29.8 million dollars.

### Safety Tips:

- Create a Safe Zone. Position your grill a safe distance from and combustible material, play areas and foot traffic. Keep children and pets away from the grill area.
- Put out several long-handled grilling tools to give the chef plenty of clearance from heat and flames when flipping when flipping burgers.
- Remove grease or fat buildup in the trays below the grill so a hot grill cannot ignite it.
- If you're using a charcoal grill, purchase the proper starter fluid and store the can out of reach of children, and away from heat sources. It's extremely dangerous to substitute any other combustible liquid to start coals.

- Apply starter fluid directly to the coals, then reseal and put away the can. Light coals carefully, avoiding the flame flare-up. Store the can out of the reach of children and away from heat sources.
- If you have a propane grill, check the propane cylinder hose for leaks before using it. A light soap and water solution applied to the hose will quickly reveal escaping propane by releasing bubbles. Have leaking fuel lines repaired before using.
  - All propane cylinders manufactured after April 2002 must have overflow protection devices (OPD). OPDs shut off the flow of propane before capacity is reached limiting the potential for release of propane gas if the cylinder heats up. Their triangular-shape hand wheel easily identifies OPDs.
  - When you've finished cooking, keep an eye on the grill until it has completely cooled. Charcoal can be soaked with water to speed the cooling process.

**Have a safe and tasty grilling season.**

## Parks and Recreation Moving Forward

Community support and excitement could be felt among the large crowd as the Veteran's Memorial Fields were rededicated by the City of Newport on April 17, 2004. The ceremony was led by Newport City Manager, Phil Ciafardini, and included an official ribbon-cutting ceremony, a presentation of the Rededication Plaque, and the honorary throwing of the first pitch by Mayor Tom Guidugli to Parks and Recreation Director Nick Rouse. Other attending dignitaries included Newport City Officials Jerry Peluso, Jan Kneppshield, Beth Fennell, and Robbie Hall, along with State Representative Jim Callahan.

Veterans were honored by the American Legion, who participated in the raising of the American Flag during the National Anthem, sung by Brother Richard Livingood of Trinity Baptist Church. To kick off the 2004 season at the facility, a District 22 Knothole baseball game concluded the ceremony.

Be sure to take part in the excitement on June 4, when four District 22 Knothole legends are inducted into

the Knothole Hall of Fame as the City of Newport rededicates Bartlett Field.

## Transportation/Parking Projects

### South Monmouth Storm Sewer Improvements

Beginning last summer there have been flooding issues along South Monmouth Street (U.S.27). This flooding was mainly the result of a collapsed private line in front of the AmeriStop strip center. The City has partnered with the Sanitation District to correct the immediate problem. The project is expected to be completed by May 31, 2004. Due to the tremendous amount of water that flows through that line, with most of the water coming from outside of Newport, the Sanitation District has agreed to conduct a Watershed Study so that short and long range strategies can be developed to provide for further storm water improvements throughout the storm system. Public meetings with regard to the Watershed Study is scheduled to occur on May 26, 2004.

### Painting on I-471 Bridge

During the next twelve months, the State will be repainting the I-471 Bridge. Currently the arches of the bridge are being painted, please prepare yourself for lane closures.

### Downtown Monmouth Street

It is anticipated that new benches, banners, trash receptacles, and planters will be installed down Monmouth Street by the end of June.

### 10th Street and Park Avenue Bridge Replacement

Work is underway on the replacement of the bridge that crosses the railroad at 10th Street and Park Avenue. 10th Street remains closed to traffic at Park Avenue. The bridge will reopen no later than October 19, 2004, with the anticipated completion of the project in November 2004. Detour signs are posted to direct traffic around the area.

### Cinergy

Gas utility improvements are currently underway on various streets throughout the City. These streets include Riddle Place and Laycock Lane, West Ridge Place and Parker Road, New Linden Road, David Court, Linden Avenue and Adrian Court, Dexter Road and Carroll Street. Work is anticipated to be completed by August 2004.

### Fourth and Fifth Street Improvements

Sidewalk and curb replacement has begun, on Fourth and Fifth Streets between Monmouth Street to Columbia Street. Completion for this work is scheduled for Mid-June. The State Department of Transportation will be repaving Fourth and Fifth Street west of Monmouth Street, following the replacement of the curbs and sidewalks.

# National Homeownership Month

June is busting out all over...  
It's National Homeownership Month!

## Mayor's Roundtable on Housing

The City is celebrating National Home Ownership Month by unveiling a new marketing initiative aimed at increasing homeownership throughout the City. For several months, the mayor and other City officials have been meeting with residents, local lenders, non-profits, and business owners addressing issues surrounding homeownership opportunities. The members of the Mayor's Roundtable on Housing have developed a marketing plan that will be unveiled at the Italianfest opening celebration on June 10th.

## City Manager's Task Force on Housing

To strengthen these efforts, the City Manager's Task Force on Housing was formed. Consisting of members from the City Manager's staff, Police, Fire and Finance, this committee is reviewing housing in terms of internal services and support. The group meets monthly and is currently working on implementing work standards that will allow various departments to cross reference information.

## Third Annual "Nominate A Neighbor" Awards

Do you know someone in the City who has made significant improvements to their home during the past year? We are currently accepting nominations for the third annual "Nominate A Neighbor" Awards. This program was developed to recognize residents who made significant improvements to their home during the previous year. Nomination forms may be picked up at the

Newport Municipal Complex, 998 Monmouth Street, Monday thru Friday, between 8 am and 4:30 pm or by calling Bridget Cassidy-Zeigler at (859) 292-3666, ext 141.

## Topping the Charts

In the Sunday, May 9, 2004 Enquirer it was noted the average sale price of homes in Newport rose 29.3 percent from 2002 to 2003 and 55 percent since 1999. That's more than any other neighborhood in the region and compares to 6.5% for all Northern Kentucky neighborhoods from 2002.

## My Old Trendy Kentucky Home

In the May issue of the Cincinnati Magazine Newport was chosen as one of the areas 25 most livable communities and highlighted as a trendy place to live. "From it's lovingly cared-for historic district to its flashy new million-dollar city-view hillside construction, NEWPORT has always been on the leading edge."

## Hope VI - Liberty Row

Liberty Row, the first phase of the Hope VI project, is nearing completion. This development is located at 8<sup>th</sup> Street between Central and Isabella. The six new homes on the east side of Liberty are 90% complete with the remainder of the construction 60% complete. There will be a total of 12 new homes and two rehabilitated homes. Project completion is planned for July of this summer. For questions regarding Liberty Row or any of the Hope VI planned developments please call George Darnell, Hope VI Coordinator, at (859) 581-2533, ext. 212.
